

B Safe Driving School - Online Enrollment Agreement

Dear B Safe Driving School Student:

Thank you for choosing to enroll in our online course. The State of Pennsylvania has mandated new rules for online driver education students. Below is a list of items that must be completed before B Safe Driving School may release a certificate of completion. B Safe Driving School will conduct a thorough evaluation of each item to verify completion. If the student has not completed each item in a satisfactory manner, the certificate of completion will not be released.

1. The student must start the course at the very beginning, Module 1, and follow the course sequentially through Module 10. Each page must be viewed in its entirety. B Safe Driving School has full access to activity reports which shows the page completion as well as the time viewed. These activity reports will be monitored.
2. Each module quiz must be taken and passed with a 75% before moving to the next module. The student has unlimited attempts to pass each test.
3. The student must pass the final test with a 75% or higher before becoming eligible for the certificate of completion. The student has three attempts to pass.
4. The course is available for 12 months following the activation date.

This course is extremely important and students and parents must take this learning process most serious. If you have any questions regarding this contract, please contact B Safe Driving School.
